Exeter - 23 September 2008

London - 26 September 2008

Liverpool - 29 September 2008

Newcastle - 1 October 2008

The Commission for the Compact invites you to participate in one of the free regional seminars taking place in September and October 2008.

A research study undertaken by IVAR on behalf of the Commission for the Compact has identified key factors behind successful Local Compacts and positive local partnership relationships.

These half-day seminars offer a great opportunity for individuals and organisations involved in Compact work at a local level to hear about the findings of this research. Delegates will learn how to increase the effectiveness of their Local Compacts and have the chance to further identify, share and learn best practice, as well as briefly discuss what needs to happen at a local level to implement these findings.
